RE: NEW DISCLOSURES

Dear Charlie:

Attached is a copy of D679 concerning sensor based puff initiation. Please consider this disclosure to see if it has already been covered in a previous case, or if a separate application should be prepared.

Please assign the following disclosures (copies attached) for patentability evaluations at your earliest convenience:

D675 - DIELECTRIC CONSTANT 10 PACK CARTON INSPECTOR
D677 - PINLESS BELT FEEDER

Also attached is a copy of PM 1482 - Beta Heater Array. Please assign this disclosure for preparation of an application.

Call me if you have any questions.

Regards,

Jim Schardt
